CERAMIC WALL CLEANER

DESCRIPTION:

Ceramic Wall Cleaner is the same hardworking formula as *Ceramic Floor Cleaner* but in a gel form that clings to vertical surfaces while it works. It removes soil, grease and soap film from ceramic tile and grout as well as fiberglass tub enclosures and glass shower doors.

Ceramic Wall Cleaner is always used full strength.

Wearing protective gloves, spread gel with sponge onto area to be Cleaned. Allow to stand 20 minutes, then scrubbing with a stiff Bristle brush.

Rinse thoroughly with a damp sponge and wipe dry.

Keep away from porcelain enamel tubs, basins and metal surfaces to prevent etching
