

HERTRON STONE SYSTEMS

HERTRO GOLD POWDER

**For the Maintenance of Marble and
Terrazzo.**

Use with Prime Grind A and Prime M.

DIRECTIONS FOR USE:

Prepare the floor to 800 grit or higher.

Stir any liquid on the surface of the *Herto-Shine* into the paste.

Apply approximately ¼ cup of *Hertro-Shine* to about 40 sq. ft. of floor.

Using a red polishing pad, polish about 40 sq.ft. at a time with 175-300 RPM floor machine in a checkerboard fashion.

After several passes, squeegee the slurry off the floor.

Coverage: Approximately 3500 sq. ft. per gallon.
