STONE SOAP

**NON- DETERGENT CLEANER
For Marble, Terrazzo,
Granite, and Slate**

- *ADDS NEW LUSTER**
- *COLOR ENHANCING**
- *ECONOMICAL**

STONE SOAP is a balanced blend of natural ingredients designed to maintain and highlight natural stone surfaces. Used according to direction, it will gradually increase the color and luster of surfaces maintained on a regular basis. It is an effective method to assure long lasting care and protection.

DIRECTIONS: For mopping or for use in a automatic scrubbing machine, mix 2 ounces of Stone Soap per gallon of water. It is not necessary to rinse surface after use. Dry floor may be polished with buffing machine and a nylon polishing pad.
