

**HERTRON** STONE SYSTEMS

# VitreGel

Maintenance Products

## ENHANCER

# Hardening Compound for Marble & Terrazzo Floors

### DIRECTIONS FOR USE:

Apply by misting onto a small area of the surface with spray bottle and buffing until dry with a low-speed machine , using #0 steel wool pad.  
Cover the entire floor, treating a small area at a time, from 9 to 16 square feet, then moving on to the adjoining small area.  
Frequency of use depends on floor traffic, but *Vitre-Gel Enhancer* should be used at least once every week.
